For the Period July 2014 – June 2016

- Order of Selection: In the event that the VR program does not have sufficient funds to serve all eligible individuals, federal law requires that it implement an order of selection. Order of selection prioritizes individuals into categories according to the significance of their disabilities and ensures that those with the most significant disabilities are selected first to receive services. Those individuals assigned to a closed category remain on a waiting list for services until there are sufficient resources to open closed categories.

b) Common Referral System

- The DARS agrees to refer consumers to the One-Stop Delivery System for services, as appropriate. To insure all One-Stop customers have ready access to DARS services, DARS will at a minimum provide information about the availability of the VR program, using appropriate mode of communication.
- Where DARS has a physical presence within the One-stop Center (e.g., establishing the One-stop as an itinerant point on a regularly scheduled basis) or where DARS has established a designated staff person as the point of contact, the DARS staff person(s) assigned will establish a referral protocol with the other partners. This protocol may include such things as a written referral form/process, a calendar for other partners to plan refer/schedule customers to DARS when DARS staff are not physically present, etc. Additionally, written information regarding DARS services and other pertinent information such as the local DARS office phone number, DARS web site address, etc., will be made readily available and accessible to One-stop customers.

c) Common Customer Satisfaction System

- DARS shall actively participate in the One-Stop Delivery System while maintaining the VR system integrity. DARS agrees to work with the partners to establish a system of continuous quality improvement for the access of partner services throughout the one-stop delivery system. This system may include but is not limited to: customer surveys, focus groups and random survey methods. However, DARS' accountability measures are dictated by the Commissioner of RSA under the authority of Section 106 of the Rehabilitation Act. The LWIB has no role with regard to the DARS' accountability for programs under Title I of the Rehabilitation Act as amended in 1998. The local DARS representative is accountable only to the full-time director of the DARS. The LWIB's accountability measures do not pertain to the measures of the DARS because they measure performance of programs funded under Title I of WIA.

For the Period July 2014 – June 2016

- The DARS agrees to share aggregate data about the One-Stop Delivery System services in a manner that protects the confidentiality of individual DARS consumers, including applicants.

Topics may include, but are not limited to, consumer eligibility criteria for VR Program; referral system; confidentiality and release/sharing of consumer personal information, promoting program accessibility, including reasonable accommodations, to individuals with disabilities among System partners.

However, most of the individuals who are eligible for Vocational Rehabilitation (VR) Program services will need additional individualized assistance to obtain appropriate employment. To be eligible for the VR Program, the consumer must be determined eligible by a qualified Vocational Rehabilitation counselor.
- Eligibility Criteria. To be eligible for the VR Program, the consumer must meet these criteria: have a physical or mental impairment; the physical or mental impairment constitutes or results in a substantial impediment to employment; and requires VR services to prepare for, enter, engage in, or retain, employment consistent with the consumer's strengths, resources, priorities, concerns, abilities, capabilities, and informed choice (this includes being eligible to work in the U.S.). The VR counselor shall presume that an applicant can benefit in terms of an employment outcome from the provision of vocational rehabilitation services unless the counselor can demonstrate, based on clear and convincing evidence, that the applicant cannot benefit in terms of an employment outcome due to the severity of the individual's disability. The VR counselor shall presume that individuals receiving Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI) meet all eligibility criteria and are eligible for the VR program (provided the individual intends to achieve an employment outcome consistent with the unique strengths,

resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual) unless there is clear and convincing evidence that the individual cannot benefit in terms of an employment outcome due to the severity of the individual's disability.
